

Villages of Huichol Indians have been washed away by rising rivers leaving them without shelter and food. We have been asked to participate in relief efforts. We will purchase emergency food to helicopter into these villages in the state of Nayarit.

If you'd like to help, you can log into our website at: <http://www.lsmi.org/donating.html> or send a check with "relief" in the memo. If you plan to help, please email us and let us know how much you are sending so that we can make these purchases.

Your prayers and support are appreciated.

Love and Blessings,  
Lee and Carol
